**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Stop serving the ultra rich and huge companies at the expense of small companies, which drive most of economic growth and the citizens of this country, who you are supposed to be serving.

First you killed net neutrality despite overwhelming opposition from the American people. I'm sure you got a "job well done" from big telecom for that one.

Now you're trying to wipe out competition from relatively small upstart internet service providers because NOTHING must stand in the way of unlimited profits by the big telecom companies.

STOP THAT!

Start serving the citizens of this country instead the rich and well connected. **DO YOUR JOBS!**
(Oh, yeah. I forgot. Serving the wealthy and big business is your job).

I'm sure you will pass this latest anti-competitive nature in spite of overwhelming opposition of the citizens because that's what you do, but I thought I'd register my opposition anyway.
